## **MaxxBlast**

The Best Blast Nozzle, Wet or Dry

Engineered for higher production rates and greater efficiencies. Only **MaxxBlast** nozzles offer this unbeatable combination of features:

- Anodized threads reduces galling
- Aluminum Sleeve makes handling easier
- Silicon Nitride core allows for use of ALL hard abrasives
- Exclusive built in 3 outlet water ring for wet blasting. Can also be used for dry blasting applications
- Built-in static ground ring prevents outflow static discharge

**MaxxBlast** Nozzles are available in the following sizes:

<b><u>Size</u></b>	<b><u>Part Number</u></b>
5/16 MB – 05 3/8 MB – 06 1/2 MB – 08	

**MaxxBlast** Nozzles are specially designed to work with the **MaxxStrip** 351 Blast Pot System, but can be used with any existing blast system. These nozzles are engineered for extended use in physically demanding operations and offer superior resistance against breakage.

For additional information or to place an order, please call Harry Richmond at 800-528-7086 or 713-797-1014.
